Using the information you entered in your application, we have determined your household eligibility as follows.

Summary

Household Member	QHP	APTC	CSR	Medicaid	Nevada Check Up
iced tea					
Madison tea					

Eligibility for QHP - This identifies your eligibility for a Qualified Health Plan. A QHP is commercial health insurance you purchase through Nevada Health Link (in just a few moments). However, if you are eligible for Medicaid or Nevada Check Up, you don't need to purchase a QHP.

Eligibility for APTC - This identifies your eligibility for the advance payments of the premium tax credit. The APTC lowers the amount you pay each month to purchase a QHP. Don't worry: we'll calculate this amount for you so that you can see how much your cost will be when you shop and compare our QHPs.

Eligibility for CSR - This identifies your eligibility for Cost Sharing Reductions. A CSR lowers the amount you pay your doctor, hospital and/or pharmacy (lowers your out of pocket maximum, deductible, copayments and/or coinsurance). It's a pretty complicated formula- but we've figured it out for you. Simply shop and compare. You'll only see the plans that you qualify for.

Premium illustration for family of 4 with an annual income of \$47,100 (200% FPL)

Assume:

- Second cheapest silver plan in Reno is \$1,000 per month for a given family of four.
- Second cheapest silver plan in Las Vegas is \$800 per month for the same family of four.

The Advance Premium Tax Credit is adjusted so the cost for that family is the same (based only on income) for the second cheapest silver plan.

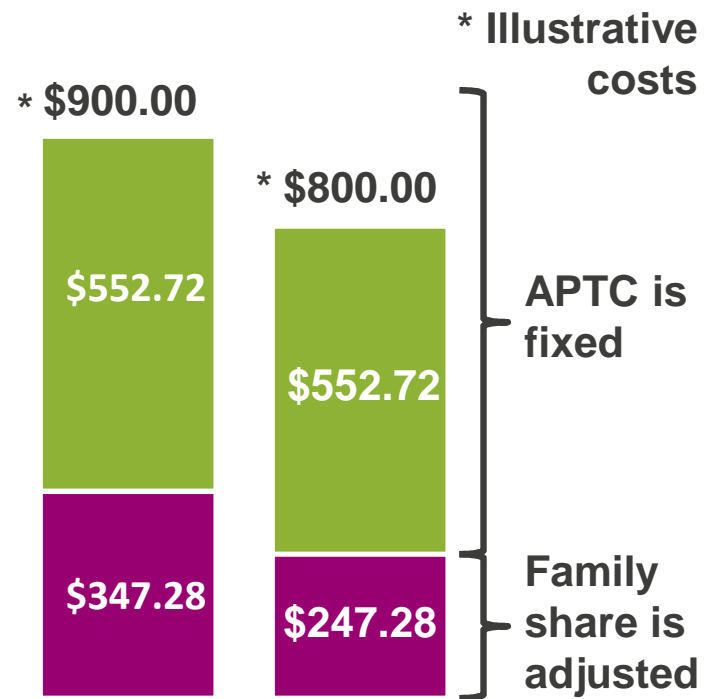

Tax Implications Individual Subsidy

Premium illustration for family of 4 with an annual income of \$47,100 (200% FPL)

Assume:

- Second cheapest silver plan in Las Vegas is \$800 per month for the same family of four.
- The family, in Las Vegas, wants to purchase a gold plan that costs \$900.

The Advance Premium Tax Credit is based on the second cheapest silver plan. The family must pay (or save) the difference.

Tax Implications Individual Penalty

Estimated Calendar Year Annual Tax Penalty¹

Individual with no dependents-

- In 2014, those with income above the filing threshold (\$9,750) but below about \$20,000 will pay the \$95 flat dollar amount, and those with income above about \$20,000 will pay 1% of income.
- In 2015, as both the flat dollar amount and the percentage of income increases, those with income above the filing threshold but below about \$25,000 will pay \$325, while those with income above about \$25,000 will pay 2% of income.
- In 2016, those with income above the filing threshold but below about \$37,000 will pay the flat dollar amount of \$695, while those with income above about \$37,000 will pay 2.5% of income.
