

Marcus A. Armstrong, CPA, MBA, FHFMA has spent his entire 30 year career in health care, starting as an auditor of rehabilitation agency and home health agency clients for a regional accounting firm and moving into industry and consulting. Marc has been in financial leadership positions for rehabilitation agencies, rural and urban hospitals, and a behavioral health hospital. He has experience as a reimbursement consultant for hospitals and nursing homes and has held interim financial leadership positions in several rural hospitals. Finally, he has even worked in cost of care for a large national health plan. Very strong at building relationships and influencing others, Marc has hands-on leadership experience in accounting, budgeting, financial forecasting, analysis, debt financing, revenue cycle operations, reimbursement, and process improvement. He graduated with a Business Administration degree and emphasis in Accounting from College of the Ozarks in Branson, Missouri, and completed his MBA in Health Care Management from University of Phoenix in 2009. Marc is currently the President of the HFMA Nevada Chapter. He lives in Las Vegas with his wife Liz and their two sons, Braden (18) and Bryce (15).
